

**2005 syrah/grenache blend - “syrache”
santa barbara county**

our “syrache” is a rhone style blend of syrah and grenache. we picked the name syrache not only because it blends the names of the two grapes but it eludes to a spicy kind of fun, which is exactly what we want you to have when drinking this wine!

the almost ink like color and the nose of dark cherries, chocolate and a hint of sweet tobacco lead to a palate combining those flavors with cracked pepper and bubble gum. this wine is ready to drink now or saved for later.

we believe this wine will age very well and love how the different components compliment each other. as they say the sum of the parts is better the whole.
